

## EAGLE RIVER CHAIN OF LAKES ASSOCIATION

# The ERCLA Pledge to improve water quality

By signing the ERCLA Pledge, I agree to do my part in fighting aquatic invasive species by **refraining from pulling native aquatic plants along my shoreline** unless absolutely necessary.

We can all play a role in keeping our water resources clean for fishing, swimming and drinking. I will do my best to protect the quality of our streams, lakes, rivers, wetlands and aquifers. In addition I will try to follow best practices to control erosion in my yard and on my shoreline as best as I can.
